

# WINGO

ENERGY EFFICIENT  
HEATING TABLE

MADE IN EU

## Meet Wingo heating table

Wingo is an energy & cost efficient heating table that **saves up to 10x energy.**

It has a heating source in its base and a Qi charger for wireless charging on its top surface.

On top of it has **zero CO<sub>2</sub>** emission, which makes it the best eco-friendly solution.

CE guarantees conformity with EU health, safety, and environmental protection standards.

IP55 stands for water and dust resistance - which makes Wingo safe for indoor and outdoor usage.

The smart thermostat keeps a comfortable level of temperature up to 70° C. It is **safe and simple to use.** Just press the button and enjoy the warmth of Wingo.

Wingo has a trademark and patent registered.

Energy Efficient

## Smart Technologies

Wingo uses conduction to transfer the heat directly into the feet, which is then distributed throughout the body circulation.

Due to the energy-efficient design, Wingo **saves up to ten times** more energy compared to standard electric heaters - hence it lowers your electricity bill significantly.

Comparing it to gas heaters Wingo saves even more energy and produce **zero CO<sub>2</sub>**, therefore it's a healthier solution for users and the environment.

Wingo's hexagonal design optimizes space usage, which increases the number of users per given surface and improves users experience.

## Winter is coming

Wingo creates comfortable environment for users which results in better customer experience and more revenue for you. Warmth, safety, efficiency and ecology are Wingo's basic principles.

Did we mention that **Wingo complies with the EU's 2030 climate & energy framework?**

This makes it the perfect product in the upcoming era of **energy-efficient and eco-friendly** products in the hospitality industry.

In the world of limited resources, energy cannot be unlimited. The energy-efficient Wingo table is part of the solution.

Join us in making the world a better place for future generations.

## Winter is warm and cozy

Wingo heating table has integrated heating in its base that flows from the bottom to the top.

It respects flow of the energy in physics and human body. Once you place feet on Wingo heating base you get warm and cozy.

Additionally, there is an option of wirelessly charging your mobile or other smart gadgets on table surface.

Our product is suitable for everyone.

# Specs

## General

	220-240V	50Hz	0.25kW
	Qi charger: 10W	Large charging coil	Apple & Samsung Fast Charge
	Safe touch: < 70°C	IP55 water & dustproof	CE, RoHS
	Energy efficient	CO2 & eco friendly	Made in EU

## Top

	More than 150 decors	Custom design	High quality
	Environment friendly	FSC certified	Greenguard certified
	Heat resistant	Frost resistant	Chemical resistant
	Durable	Scratch resistant	Easy to clean

## Base

	60x60x75 <sup>+3</sup>	70x70x75 <sup>+3</sup>	80x80x75 <sup>+3</sup>
	23	26	29
	Steel	Cold galvanizing	RAL card colors
	6 microregulations	Cable protection	Custom cable length

## Extend your season, let's toast to it!

Wingo tables extend your season, save energy and money, have zero CO<sub>2</sub> emission, innovative design and what is the most important, people love it, because it keeps them warm.

It is the modern and elegant solution for the 21<sup>st</sup> Century, which perfectly corresponds to the needs of the hospitality industry.

Wingo strongly supports the environment and sustainable developments. For every Wingo table sold we donate to organizations that plant melliferous trees to provide food for the bees.

Be the part of the future!

**BE WARM. BE ECO. BE WINGO.**
